## GLOBAL JET: Nothing can stop them!

MAY 2017- GENEVA

### EBACE 2017 – Expect the unexpected

Returning from a very successful edition of ABACE in Shanghai, the company was thrilled by the large media coverage received thanks to their impressive booth: An Asian spirit blended with modern European finesse! After such a success, what could the company do to mark the occasion of EBACE and set itself apart? Global Jet, one of the major actors of the convention that exhibits each year with an impressive booth has dared not being an official exhibitor in 2017! Yes, they dared. But...if you “look closer” the operator is fully at the show! They have created a unique concept of VIP transfers from their very close-by office in Geneva. “A booth is not big enough for us, we wanted to amaze our guests by revisiting totally our premises and proposing a VVIP service on site with creative breakfasts from Absolute Taste, a tailor-made Sea Food Bar signed Caviar House with exquisite lunches presented by our starred chef, a dedicated showroom with latest stunning collection of Montres Prestige and all this in festive rhythms...to get a foretaste of the service we provide above the clouds!” comments Abner Tato, Quality Director of Global Jet. Passengers are then accompanied with ground-breaking TESLA’s model X to the show and visit the static display with their dedicated Global Jet advisor. Finally, last but not least, they have organized a special VVIP cocktail dinner at the incredible 5-star hotel President Wilson, event in which key players of the industry and prestigious clients have been invited.

### EXECUTIVE CHARTER

In the second semester 2016, the company was proud to announce a one-of-a-kind Falcon 900LX available for charter, the LX-LXL. A stunning exterior painting: a grey anthracite body featuring stripes and wings in orange Hermès: chic attitude! The boutique-operator started 2017 with a major entry in its charter fleet, a fascinating A318 Elite, LX-LT1, flexibly based in Europe. This VVIP airliner can accommodate 19 guests in a modern and elegant interior. The big plus of the aircraft? It can easily carry 80 pieces of luggage: why choose what is needed on board? – take everything with you! Shortly after, a most-attended Bombardier Global Express XRS, LX-ZED, joined their charter fleet providing an elegantly furnished cabin designed with great taste for 10 passengers. The afterward cabin is a relaxing area where a couple could spend a romantic moment or a family could enjoy a cinema session. The latest arrival is a 2015 Global 5000ER Vision, the OE-IMA, an aircraft that will feel like a home away from home. The cabin guarantees lowest-in-class sound levels for the best night’s sleep you will ever have on a business aircraft thanks to its advanced soundproofing materials: to discover absolutely! “With all these new jets available, and our present activity, this charter year seems more promising than last year” states Leonard Bertholet, Charter Sales Director.

### AIRCRAFT MANAGEMENT

2017 is being fruitful to the company; with already 5 new Aircraft Management mandates, we can clearly state the activity has been prosperous so far. “Our aircraft under management include very new aircraft types such as a BBJ3, Gulfstream 650 and Global 6000/5000ER Vision. We are proud to be the guardians of these incredible jewels. With a fleet comprising over 25 aircraft type (for a total of 70+ aircraft) and extensive knowledge for each one, we guarantee to our clients the top-level of safety, experienced crews on board and the most cost efficient operation” comments Edouard Lehembre, Vice President Aircraft Management.

### AIRCRAFT SALES AND ACQUISITIONS

The least we can say is that aircraft sales have been extremely successful for the company in the past semester. In terms of fresh sales, just to mention a few, a Gulfstream 550, a Gulfstream 450, a Gulfstream 200 and a Falcon 7X have been recently sold thanks to the company’s expertise. Presented end of 2016, a luxurious ACJ 318 Elite+ is currently for sale, equipped with the newest cabin technology, a 19 seater that is fully compliant for commercial operations with a sophisticated interior: an aircraft that is definitely worth seeing! On the acquisitions side, the company has purchased for its clients two brand new Gulfstream 650 with incredible tailor-made interiors and an impressive Airbus 318 Elite. To reinforce the Monaco-based sales & acquisitions office, the company has appointed Mr Hardy Sohanpal as Sales Director. “We are confident that Mr. Sohanpal’s extensive experience in the VVIP private aircraft industry, his passion and his understanding of the company’s philosophy are the right ingredients to continue leading the company at the highest” confirms Bjorn Naberhuis, Vice President for Business Development”.
