GLOBAL JET

## GLOBAL JET'S CHARTER FLEET EXPANDING WITH THE ADDITION OF A LEGACY 650.

An exceptional Legacy 650 has entered Global Jet's Fleet and is available for Charter. Having a base at the Nice Cote D'Azur airport, the aircraft is designed to welcome 13 passengers with optimum luxury and comfort.

The Legacy 650 is distinguished for its striking interior and exceeds the characteristics of its category of business jets in terms of cabin size, comfort, luggage space and reduced level of noise. Passengers will be able to hold business meetings and gastronomical meals, as well as appreciate all extra amenities of the plane.

The private jet is divided into three large zones; offering guests a maximum level of luxury and relaxation. The forward cabin proposes a double club-seating configuration while the middle cabin provides a four places dining. The after cabin is separated from the other two compartments and can be closed thanks to a dense sliding curtain. The night configuration of this immaculate Legacy 650 allows four single beds and one double bed. The galley is located in the front of the aircraft and is well equipped with the latest technologies. WiFi is available aboard the aircraft for our guests.

Furthermore, the legacy 650 is well known for its high long-range which enables passengers to make transatlantic flights such as Nice to New York without stopping.
